

## **May ISACA Meeting Notice - Register Today!**

Date - Monday, May 19, 2008

Location - One Mellon Center – Customer Reception  
Center, Third Floor

Registration – 11:30 a.m.

Lunch – 12:00 noon

Election of Officers – 12:45 p.m.

Presentation on "Data @ Risk-Information Leakage and  
Privacy on P2P File Sharing Networks" – 1:00 p.m.

### **About the Program:**

This session will discuss strategies for managing peer-to-peer file sharing networks, sharing the latest risks, breaches, and best practices for implementing security.

"Today, information asset breaches inevitably have at their source a technological cause. Well publicized cases such as hackers that access corporate data, lost laptops, backup or archival tapes that are lost or stolen are commonplace.

A much more damaging mechanism, which is less well understood, is how global peer-to-peer file sharing networks used to share music and movies expose millions of personal, organizational, and government sensitive information files a year for use by criminals to commit ID theft and fraud, competitors to gain advantage, and the news media impacting organizational brand.

Information disclosure through peer-to-peer file sharing also challenges the very basis of who is responsible for protecting personal information. Until now it was virtually impossible to monitor these global file sharing networks and protect organizations, governments, and individuals from the disclosure and illicit use of sensitive information.

## **About the Program (Cont.):**

Thanks to technological achievements exposed files can be located, forensics performed, file sources determined, and criminals caught.

As corporations outsource and their workforces become more mobile and virtual, "where" the corporate perimeter is located becomes less clear. How should organizations, legislators, and law enforcement address the extended enterprise and the information custody chain that represents the reality of today's global business operations?

Tiversa will share experiences and knowledge intended to:

- Illustrate the use of peer-to-peer networks and show that peer-to-peer networks are larger on many activity measures than the world-wide web.
- Discuss how sensitive and personal information is made available on peer-to-peer networks.
- Show the magnitude and type of information available.
- Describe how criminals and other malicious individuals are using these networks to exploit disclosed information for ID theft and fraud.
- Illustrate recent corporate and government breach case studies.
- Show what actions you can take to protect your organization.

### **Instructor Bio**

#### **Chris Gormley, Chief Operating Officer**

Chris Gormley has more than 17 years of experience building and leading technology, manufacturing, and professional services organizations in new industry and market segments. As Tiversa's Chief Operating Officer he is responsible for Client Service Operations, Account Management, Marketing, and Public Relations.

Before Tiversa, he was Vice President of Marketing and Business Development for Haley Systems, a leading business process and middleware software provider. Prior to joining Haley Systems, Mr. Gormley was Vice President of Product Management at FreeMarkets, a world leader in purchasing and supply management technology and services, where he was responsible for worldwide creation and commercialization of \$180 million of software and service-based solutions. Mr. Gormley was an early employee who helped take the company through a successful IPO in 1999. Before FreeMarkets, Mr. Gormley was with the international management consulting firm of McKinsey Company and the General Electric Company.

He holds an MBA in Finance & Strategy from the Wharton School and earned an undergraduate degree in Chemical Engineering from Worcester Polytechnic Institute.

**Pittsburgh Chapter**

## May ISACA Meeting - Registration Form

**Name** \_\_\_\_\_

**Company** \_\_\_\_\_

**Address** \_\_\_\_\_

**City/State/Zip** \_\_\_\_\_

**Phone Number** \_\_\_\_\_ **FAX** \_\_\_\_\_

**E-Mail** \_\_\_\_\_

**Check one:**

**ISACA Member (free)**

**Non-member (\$35.00)**

***Deadline for registration: May 15, 2008***

**Contact:**

**Brett Wilson**

**Brett.Wilson@highmark.com**

**Phone: (412) 544-7088**

**Fax: (412) 544-5804**

### **Continuing Professional Education Credit...1 CPE awarded**

Please make checks payable to "ISACA – Pittsburgh Chapter." Fax completed forms to (412) 544-5804 and to the attention of Brett Wilson or Mail completed forms and checks to: P.O. Box 544, Pittsburgh, PA 15230. Checks for e-mailed or faxed registrations must be presented at the conference registration table. **No** Master Card, VISA or other charge cards will be accepted.
